# Zero and first conditional

**ZERO CONDITIONAL**

**FORM:**  
If+present simple+present simple

**USE:**  
We use this structure for facts that are generally true.  
e.g. If I eat too much, I feel sick.

**FIRST CONDITIONAL**

**FORM:**  
If+present simple+will/won't

**USE:**  
We use this structure to talk about things that may happen in the future.  
e.g. If I don't hurry, I'll miss the bus.

Put these facts about various types of people into sentences in the zero conditional. Make **you** the subject of each sentence.

It can be a good way to kill time, especially if you stick to the relatively simple questions, but some people do it for other reasons. - Scroll down to continue reading article - Photo Courtesy: Pixabay/Tumisu One of the biggest advantages of learning English is the many ways in which it can advance your career. Then, navigate to the Spanish website and follow the prompts from the extension to see the translated version of the website. University of Washington English for Professional Networking - \$300-\$350This advanced course by the University of Washington will help you network professionally. What stands out about this course is its exhaustive and methodical approach to learning the language. Instead, you could translate a web page from Spanish to English so you can read it easily. Encountering Web Pages in SpanishIf you're lucky, when you hit a web page written in Spanish, the web developer who created the website might have made an English version of it that visitors can choose to read instead. You can email your question to friends and family, read Wikipedia articles until your eyes bleed, or even post your question to your blog. More than once, I've had to rewrite and repost questions because I assumed that the folks looking at my question would be thinking the same way - maybe I assumed that everyone would think that I'd already looked into the obvious answer. Click this link and Chrome will translate it for you. Firefox Translation OptionsFirefox isn't set to automatically translate foreign websites, but you can add an extension that will do this for you. Browse the Firefox extensions for Spanish translation, choose the one you want to use and install it. Beyond these four sites, there are thousands of other sites devoted to answering questions. Taking an English course online can be done from the comfort of your own home. MORE FROM QUESTIONSANSWERED.NET The internet is all about information, but sometimes it can be hard to sort out the answer you really need from the celebrity gossip and gadget rumors. However, Duolingo supports major medium languages such as Spanish, French, German, Italian, Chinese, and Japanese. AskMeFi - The variety of questions on AskMeFi is nothing if not impressive. The course teaches you the American version of English, which will make you right at home in the US and Canada. Over a 26-year history of language instruction, Rosetta Stone has gained a reputation for effectiveness. Yahoo!Answers seems to just have more people frequenting it than any of the other sites I use to find answers. It is offered by Alison, an online learning company with over 1,000 free courses supported by ads. This makes them fast to complete and gives you a quick sense of accomplishment. Coursera Intermediate Grammar Specialization - \$40-\$50/MonthThe Intermediate Grammar Specialization is a four-course sequence you can take on Coursera. You have to state limitations if you want people to conform to what you really want for an answer. The folks who frequent the site seem to be able to answer just about anything. The tool will automatically translate it for you into English in the right box. Chrome Translation OptionsIf encountering Spanish websites is something that happens regularly for you, you can set your browser to automatically translate these web pages. For Chrome, browse to the website. I know there are plenty of sites focused on particular topics as well as forums that can help lead you to the information you're looking for. Crafting the QuestionNot all questions get an answer, no matter which site you post it on. But there are some websites that are all about answering questions - it's just a matter of taking advantage of the folks who happily hang out, just looking for questions that fall into their expertise. Heck, even Slashdot posts questions on a regular basis, allowing readers to contribute ideas. You still may not find the answer you're trying to find. - Scroll down to continue reading article - There are also more than a few sites that guarantee that you can have your questions answered by experts. Select "Spanish" in the "from" field and set the translate to field to "English." Click "Translate" to see the website in English. Google Translate ToolGoogle also offers another translation service that involves copying and pasting text into the tool to translate text from one language to another. Duolingo works for complete beginners. You don't have to actually wikify either questions or answers, though. MORE FROM LIFE123.COM On most sites, question answers are only spending a small amount of time answering questions. No matter what the reward, though, I firmly believe that answering questions gets my brain going and are probably better than the many YouTube videos I could be spending my time on instead. Most sites provide plenty of room in which to write your question: it can be worthwhile to make a note of answers you've already looked into and discounted, or other information that can help limit your request. Unfortunately, not everyone who hangs out on a website and types up answers to random strangers' questions is a reliable source. If you've ever come across a website written in another language, your browsing either stops short or you bounce right off to find a different website. After clicking, the website will automatically switch over, but you might notice a few differences between the Spanish website and the English one if the translation only included the main information. Google Translate WebGoogle has a translation tool that can be infinitely useful if you run into online text in another language. Copy the URL of the Spanish web page and paste it into the Google Translate Web tool. I've gotten much higher quality answers here than most other sites. I've actually found that once I have an answer, it's much easier to Google for confirmation than it was to get Google to find an answer in the first place. Peruse the web page and look for a translate button to click to switch to English. Unlike with Rosetta Stone, Duolingo uses a native language as the medium of instruction. While questions on this site are supposed to focus on business, there's a little leeway. During this course, you will learn intermediate topics in English, including areas of grammar that tend to be tricky for learners. It includes TruAccent spoken word coaching to learn the American accent. Below, find out some of your best options for improving your English. Close Firefox and restart it to enable the extension. With really broad questions, there is a certain feeling that whoever is asking hasn't done any research, and no one wants to do someone's work for them. It is offered online through the EdX learning platform. This can be the perfect translation method if you only need a few paragraphs translated and not a whole web page. Copy the Spanish text to your clipboard by highlighting it and pressing "control + C." Paste the copied text into the left box of the Google Translate tool. Exercises and audio by native English speakers will improve your comprehension of spoken English. There's a higher likelihood of getting an answer you can't use here, just as there's a higher chance of getting any answer at all. Depending on the importance of the question, I try to do a little research to, at least, confirm the answers I've received. The major difference between these and the sites I've been discussing is a matter of price. The site handles that sort of thing automatically. Chrome is set to offer to translate all websites in foreign languages, so you should see a link to "translate" at the top of the browser. As long as you don't care about the quality of your answers, you can get them for free. This particular course will work well for even complete beginners to the English language. If I've struck out everywhere else, I head to this site. Best of all, Duolingo's courses are free. Duolingo ESL - FreeDuolingo's English coursework is great for learning English as a second language. You can use your English skill to advance a business career, find work as a translator, or even just to travel the world and be able to communicate. It is provided by the University of California, Irvine. If you need something a little more reliable, though, it might just be worth investing in a few minutes of an expert's time. Give Back a Few Answers of Your OwnWhile spending all day on AskMeFi, answering every question you can, may not seem like a good time to you, it still may be worth your while to spend a little time on one of the various answer sites. If you are looking for a job, or just want to communicate better professionally, this course is a must-have. Alison's modules are split into bite-sized chunks. Especially if you're asking about sensitive subjects, you might get a few 'interesting' answers. That's really not the case, though. Thanks to the internet, learning English has never been easier. It covers the language skills you need to communicate effectively with professionals in fields such as human resources, marketing, and sales. You will learn and practice English conversation skills in the context of a professional setting. - Scroll down to continue reading article - It can also be difficult to write a question that gets the answer you're looking. This means that if your native language is not covered, you might miss out. The course will teach you optimal ways to introduce yourself, take part in a networking conversation, and follow up in a variety of means. As part of this 16-week course, you will also learn to use social networks such as LinkedIn for carrying on professional discussions. English is used widely internationally, and there's a ready demand for good English speakers in the job market. Today alone there are questions about water resource engineering, vacation planning and more. You'll usually find a translate button in a top or bottom corner of the home page. Other sites award points for good answers, although some points systems may be arbitrary and I'm still not sure what value most of those points have. It's not always an issue of whether anyone knows the answer; you may need to tweak your question-writing technique. By no means should you consider this list exhaustive, and if you have a site you prefer, please mention it in the comments. They'll go for the easy responses first - the questions they can answer in under five minutes. - Scroll down to continue reading article - I've had good luck getting answers on LinkedIn Answers. Many members of LinkedIn, for instance, answer questions to help build up their reputations as experts in particular subjects. It's up to you to sort out the information you can really use and set aside the rest. The courses are taught by real UCI professors, which makes the quality of instruction outstanding. I've found, for instance, really broad questions get ignored. It uses a game-like interface that rewards you with badges and keeps you motivated to keep improving. Alison's Intermediate Level English - FreeAlison's Intermediate Level English coursework will build on the fundamentals to get you well-versed in the language. These range from beginner-focused courses to advanced courses for native-level speakers. Rosetta Stone English (American) Course - \$20-\$30/MonthThe American English course by Rosetta Stone is an online course that teaches you English from the ground up. WikiAnswers - This site, as it happens, is a wiki where you can add a question to a particular category.
