It is based on the 2014 new adult fiction novel of the same name by Todd, and is the sequel to After (2019). The film stars Josephine Langford and Hero Fiennes Tiffin as Tessa Young and Hardin Scott, respectively, with Dylan Sprouse, Shane Paul McGhie, Candice King, Khadijha Red Thunder, Inanna Sarkis, Samuel Larsen, and Selma Blair in supporting roles. After We Collided was released in selected European countries on September 2, 2020, before being released simultaneously in theaters and video-on-demand in the United States on October 23, 2020, by Open Road Films. Like its predecessor, the film was panned by critics, but was a box office success, becoming the highest-grossing drama of 2020.[4] Two sequels, titled After We Fell and After Ever Happy, are in post-production while a prequel and another sequel are in development.[5] Plot One month after his breakup with Tessa Young, Hardin Scott meets an unknown man he rebuffs when he attempts to talk to him. Meanwhile, on her first day as an intern at Vance Publishing, Tessa shares an awkward encounter with her new coworker Trevor Matthews. Kimberly takes her to her office, where she ends up working all night. The next morning, Christian Vance, impressed with Tessa's work, takes her to a Seattle conference with Kimberly and Trevor. After getting a tattoo, Hardin returns to the frat house, where he meets up with his friends but leaves after Molly tries to seduce him to forget about Tessa. Tessa goes to a nightclub with Trevor and Kimberly to celebrate the expansion of Vance. In a drunken stupor, she calls Hardin, who arrives to see Trevor half-dressed due to Tessa trying to clean Trevor's suit, which she accidentally spilled wine on. Trevor leaves, and Tessa fights with Hardin before the two have sex. The morning after, Tessa and Hardin argue about the previous night, which leads to her telling him that it was a mistake and that she kissed someone at the club. Hardin retaliates by lying that he had sex with Molly. Trevor gifts Tessa a cost analysis and negotiated terms for a used car with company-paid insurance, and she kisses him. She returns to the apartment where she and Hardin previously lived to retrieve the rest of her belongings and sees a Kindle which was gifted to her by Hardin for her birthday. Hardin's mother, Trish, arrives with him, and the pair are forced to pretend they are still together as Hardin did not inform her about their breakup. The next day, Tessa leaves to meet her mother, Carol, and her ex-boyfriend, Noah. Tessa arrives in front of her mother's house to learn from Noah that her father came to see her, but Carol sent him away. The conversation goes further when Carol says that Tessa is still not over her heartbreak from Hardin and reminds her that Hardin isn't good for her and will end up being hurt in the same way her father hurt her. Angered by this, Tessa hangs up her phone, leaves Noah at Carol's house and reunites with Hardin. Hardin and Tessa spend the day together but are interrupted by Kimberly asking if the pair could babysit Vance's son, Smith. Afterward, Hardin gifts her a charm bracelet, and the couple confesses their love before having sex in Tessa's office. On Christmas Day, Hardin, Tessa, and Trish go to Ken and Karen's to celebrate. Jealous over Ken's new family, Hardin gets drunk and punches Ken after an argument about his mother's assault. Trish berates Hardin and leaves for the airport. When Tessa leaves, Hardin gets into a drunken rage before passing out. Tessa confesses the incident to Trevor, who warns her that her relationship with Hardin will not end well. On New Year's Eve, Tessa joins Hardin at a party. Hardin speaks to Jamie, whom he had previously bet on, to ask for her forgiveness. Tessa and Molly get into a physical fight, which Hardin breaks up. He carries Tessa to his old room, where they have sex. Unbeknownst to Tessa, Hardin reads a text on her phone from Vance about Tessa moving to Seattle with the publishing company. Angry, Hardin leaves the room and runs into Jamie, asking her to keep their conversation between them. Tessa misinterprets this as Hardin cheating on her and impulsively kisses a stranger in front of him, despite his attempts to explain. The two fight in which results Tessa crying admitting because of the misunderstanding, she can't trust him and Hardin responds to her saying she acts like that she's innocent then storms off, and Hardin repeatedly ignores her; when he calls her the next day, she gets distracted while driving, resulting in a car accident. After being chastised by Landon, Hardin calls Tessa, but Trevor answers the phone and tells Hardin to stay away from her. Hardin writes a letter to Tessa explaining his past with Jamie and ends their relationship. Trish convinces him otherwise, and he goes to Vance's farewell party. Vance provides a toast for his colleagues and proposes to Kimberly, which she accepts. Trevor reveals to Tessa that he told Hardin to stay away from her. Hardin appears at the party, upsetting Tessa. Hardin follows her outside, and the two leave the party together. Hardin gets a new tattoo, promising to himself and Tessa that he will never leave her. As they are going, the unknown man whom Hardin met before reveals himself to be Tessa's father. In a post-credits scene, Trevor practices in the mirror to ask Tessa out for a date. The news was confirmed by After film franchise's stars Josephine Langford and Hero Fiennes Tiffin, who Girlfriend chatted to ahead of the release of After We Collided. Now, a release date has been set in stone - so cross off September 9 as a firm 'busy' in your calendars guys - cos After We Fell is gonna blow your mind. So now we're begging the question - what's going to happen in the next movies? We've done the digging for you. While we don't know for sure if the films will exactly follow the plot of Todd's next two books in the series we reckon they're a pretty good road map. What will happen in After We Fell? The next two novels in Todd's series again follow the intricacies of Tessa and Hardin's relationship, meaning Josephine Langford and Hero Fiennes Tiffin will be reprising their roles. The novel After We Fell opens after the cliffhanger ending of After We Collided, where Tessa runs into her estranged father. You can read a snippet of the book's blurb below: Tessa’s life as it begins to come unglued. Nothing is what she thought it was. Not her friends. Not her family. The one person she should be able to rely on, Hardin, is furious when he discovers the massive secret she’s been keeping. And rather than being understanding, he turns to sabotage. After We Fell summary: Okay so, once again the plot of After We Fell is dramatic, but mainly showcases the fraught dynamic between Tessa and Hardin. Tessa tries to reconcile with her father, though Hardin warns her against this idea, and ends up letting him stay at her and Hardin's shared apartment. Tessa sees similarities between her father who struggles with addiction and Hardin's father, Ken, who struggles with alcohol and is separated from Hardin's mother. The trouble with Tessa's dad informs the plot of After We Fell and the other 850 pages are filled with friendship drama, Tessa struggling with her desire to move to Seattle and yet hold onto Hardin, and the pair struggling with their relationship dynamic. The novel goes to some extremely concerning places, which obv we'd say should never fly in an IRL relationship. Hardin sabotages Tessa's apartment rental in Seattle just days before she's supposed to move there for her dream job, uses another girl (who happens to be queer) to make Tessa jealous and they ultimately have a massive break up. There's also quite a harrowing moment where Tessa's supposed friends drug her and film her being sexually assaulted as part of a "revenge" plan. Like the previous books, it ends with a cliffhanger. Turns out, Hardin's dad is not actually Ken, but Christian Vance (yes, of Tessa's job at Vance Publishing) who was his father's best friend in college while they all lived in England. Hardin catches his mother kissing Vance on the day she was supposed to marry someone else. And because it's Hardin, you unfortunately know he's not going to handle this super well. What will happen in After Ever Happy? The final novel in the series is another whopper, sitting at over 500 pages. After Ever Happy covers off the aftermath of the discovery at the end of After We Fell and over ten years onwards of Hardin and Tessa's life together, so yes, despite the drama they do stay together. You can read a snippet of the book's blurb below: When a revelation about the past shakes Hardin’s inpenetrable façade to the core—and then Tessa suffers a tragedy—will they stick together again, or be torn apart? As the shocking truth about each of their families emerges, it’s clear the two lovers are not so different from each other. After Ever Happy summary: After discovering his dad is actually Christian Vance, the publisher and not Ken, Hardin loses it. He boycotts his mother's wedding, dumps Tessa while they're in London for the wedding, brawls and sets his childhood home on fire. Meanwhile, a broken Tessa is trying to deal with the news that she likely won't be able to have children. She leaves London alone, going home to their apartment to pack it up only to discover her father's corpse. She's alone, bereft without Hardin and her mother. In her grief, Tessa curls up beside the body and holds on to it, eventually coming out of her disconnected state at her mother's house a few days later. The rest of the novel spans decades, following Hessa through engagements, miscarriages, parenting and more. (Yes, ofc Tessa is ultimately able to have children, this is still a romance story.) We're intrigued to see how this will be handled, perhaps aging makeup and special effects for Langford and Tiffin? It's also a big expanse of time, so fans will likely see quite different versions of Tessa and Hardin as they grow and go through life together. When will After We Fell and After Ever Happy be released? After We Fell is expected to be released on September 9, 2021. After Ever Happy is more likely to be released in 2022, but stay tuned on that one - we're sure we'll have more information soon. And we do know that a new director will come on board for them, per Deadline. Cruel Intentions director Roger Kumble is passing the torch to director Castille Landon, who recently worked on a Fear Of Rain, with Katherine Heigl and Harry Connick, Jr. We'll keep you posted on all things After as we hear it, but if you're desperate for another romantic film to fill the void, may we suggest Banana Split? It's being described as The Kissing Booth but better and happily stars After We Collided's Dylan Sprouse. Hey girl! Want more fashion, beauty, health and pop culture news from Girlfriend?
